ALBERTA MINERAL INFORMATION (AMI) –DATA FILE NAME CONVENTION	116

Alberta Mineral Information (AMI) - Mineral Agreements Data File

AMI will create Complete and Partial Mineral Data Files. The Complete Data File will contain all the records in AMI, whereas the Partial Data File will contain the records that were created or updated in AMI, for a given time period (typically one day).

Mineral Agreements Data File contains the records for the following entities.

- Mineral Agreements (**AG**)

DC: Disclaimer

Description:

Standard disclaimer, required for all reports and extract for external clients.

Mapping:

RC, Text

Sample:

"DC", "NOTICE AND DISCLAIMER"

"DC", "Each and every person (herein called "Person") reading, using or relying on the Data or other information contained or provided in this data base, tape, medium, screen, hard copy printout or other presentment, is hereby notified, and acknowledges and agrees, that any and all Data and other information provided as shown herein is provided on the condition that: (a) Her Majesty the Queen in right of Alberta, her officers, employees, servants and agents shall have no liability or responsibility of any kind, for any loss or damage of any kind incurred or suffered by the Person or any of the Person's contacts, nor for any other reason, including but not limited to whether or not the loss or damage was occasioned by or as a result of any negligence, gross negligence or errors or omissions of any kind in the Data or information or in the assembly, preparation, delivery, presentation or other dealing with or handling or the Data or information; and (b) no representations, warranties or undertakings of any kind in respect of (i) any information or data contained in or omitted from the Data or information; or (ii) the condition, accuracy, form or content of such Data or information;

is made, nor shall hereafter be considered as having been made, by Her Majesty, her officers, employees, servants or agents."

AG: Mineral Agreement Records

Description:

Any record which starts with AG, will be related to the Mineral Agreement. The second tag will define more information regarding that record.

Record Type	Description
DC: Disclaimer	Standard disclaimer, required for all reports and extract for external clients.
AG: Mineral Agreement Records	Any record which starts with AG, will be related to the Mineral Agreement. The second tag will define more information regarding that record.
AG.HDR	Agreement Header Information
AG.DREP	Agreement Designated Representative
AG.PAR	Agreement Participants
AG.LTRD	Agreement Last Transfer Information
AG.SEDP	Agreement Security Deposit
AG.PMT	Agreement Origin / Payment Data
AG.ADB	Agreement Additional Bonus
AG.TERM	Agreement Term Information
AG.TADJ	Agreement Term Adjustments
AG.ADJLND	Agreement Adjustment Continuation Land along with the attributes
AG.ADJRHTS	Agreement Adjustment Continuation Rights for the given Tract
AG.RENT	Agreement Rental Information
AG.DFNOT	Agreement Default Notice
AG.LDAT	Agreement Land Related Data, i.e. additional attributes at Agreement Level.
AG.GLMB	Agreement Global Metes and Bounds
AG.SPROV	Agreement Special Provisions
AG.OSARA	Agreement Oil Sand Area, based on the Land Boundary it intersects.
AG.AGLND	Agreement Land along with the attributes
AG.AGRGTS	Agreement Rights for the given Tract
AG.CNTLND	Agreement Continuation Land along with the attributes
AG.CNTOS	Agreement Continuation Oil and Sand along with the attributes
AG.CNTRHTS	Agreement Continuation Rights for the given Tract
AG.OFFSET	Related Offsets
AG.WELLAUTH	Related Well Authorizations
AG.ENCUMB	Related Encumbrances

AG.ADDENDA	Agreement Addenda
AG.ADDLND	Addenda Land along with the attributes
AG.ADDRGTS	Addenda Rights
AG.ADDRMK	Addenda Remarks
AG.WELLEVT	Related Well Events
AG.CANC	Agreement Cancellation Information
AG.AGGROPS	Related PNG Mineral Groups
AG.RELAGR	Related Agreements and Amendments
AG.UNTAGR	Related Unit Agreements
AG.WARN	Agreement Warnings
AG.RMK	Agreement Remarks
CR: Related Client Records	Related Mineral Clients, used on this extract.
DR: Related DRRZD/ZD Records	Related DRRZD/ZD's, used on this extract.
RC: Record Control	Record control will provide overall record count included in this extract, along with the extract creation date, start date and end date.

Sample Data:

"DC", "NOTICE AND DISCLAIMER"

"DC", "Each and every person (herein called "Person") reading, using or relying on the Data or other information contained or provided in this data base, tape, medium, screen, hard copy printout or other presentment, is hereby notified, and acknowledges and agrees, that any and all Data and other information provided as shown herein is provided on the condition that: (a) Her Majesty the Queen in right of Alberta, her officers, employees, servants and agents shall have no liability or responsibility of any kind, for any loss or damage of any kind incurred or suffered by the Person or any of the Person's contacts, nor for any other reason, including but not limited to whether or not the loss or damage was occasioned by or as a result of any negligence, gross negligence or errors or omissions of any kind in the Data or information or in the assembly, preparation, delivery, presentation or other dealing with or handling or the Data or information; and (b) no representations, warranties or undertakings of any kind in respect of (i) any information or data contained in or omitted from the Data or information; or (ii) the condition, accuracy, form or content of such Data or information; is made, nor shall hereafter be considered as having been made, by Her Majesty, her officers, employees, servants or agents."

AG.HDR

Agreement Header Information.

Mapping:

Data Element	Maximum Length of Data Element (in characters)
AG	2
Agreement ID	13
Record Type	3
Agreement Type Code	3
Code Table Name	7
Agreement Status Code	2
Status Code Table	7
Last Update Date/Time	19
Continuation Date/Time	19
Workflow Stream Code (formerly known as Transaction Type)	48
Workflow Code Table	14

Offset Compensation Flag	1
Record Status	1

Workflow Stream Code: Will be blank for complete extracts, since they will be used for partial updates only.

Record Status: Should department chooses to delete any agreement from the system due to any reason, record will be tagged in next incremental extract as record status D.

Sample:

"AG", "0040484050437", "HDR", "004", "AGRTYPE", "5", "ENSTATS", "2010/04/13 00:00:00", "1972/06/01 00:00:00", "AMEND_011", "WORKFLOWSTREAM", "N", "A"

AG.DREP

Agreement Designated Representative.

Mapping:

Data Element	Maximum Length of Data Element (in characters)
AG	2

AG.DFNOT

Agreement Default Notice

Mapping:

Data Element	Maximum Length of Data Element (in characters)
AG	2
Agreement ID	13
Record Type	5
Default Notice Type Code	1
Code Table Name	8
Default Notice Date	19

Sample:

"AG", "0040484050437", "DFNOT", "25", "AGRDFNOT", "2010/04/13 00:00:00"

AG.LDAT

Agreement Land Related Data, i.e. additional attributes at Agreement Level.

Mapping:

Data Element	Maximum Length of Data Element (in characters)
AG	2
Agreement ID	13
Record Type	4
Land Update Flag	1
Coal Category Code	2
Code Table Name	8
Land Purpose Code	2
Code Table Name	8

Sample:

"AG" , "0040484050437" , "LDAT" , "Y" , "04" , "AGRLDCAT" , 14 , "LDPURPOS "

AG.GLMB

Agreement Global Metes and Bounds

Mapping:

Data Element	Maximum Length of Data Element (in characters)
AG	2
Agreement ID	13
Record Type	4
Global Metes and Bounds Text	4000

Sample:

"AG" , "0040484050437" , "GLMB" , "AND ALL STATUTORY ROAD ALLOWANCES LYING WITHIN THE ABOVE DESCRIBED LANDS AS WELL AS THOSE PORTIONS OF THE ROAD ALLOWANCES LYING TO THE WEST OF AND ADJOINING 22L12, TO THE SOUTH OF AND ADJOINING 28L2 AND TO THE WEST OF AND ADJOINING 35L5 IN 4-10-092"

AG.SPROV

Agreement Special Provisions

Mapping:

Data Element	Maximum Length of Data Element (in characters)
AG	2
Agreement ID	13
Record Type	5
Special Provisions Text	4000

Sample:

"AG" , "0040484050437" , "SPROV" , "IF AND WHENEVER THE LESSEE FAILS TO SUBMIT EVIDENCE SATISFACTORY TO THE MINISTER OF HIS RIGHT TO PRODUCE NATURAL GAS FROM THE FREEHOLD PORTION OF THE SPACING UNIT OF WHICH THE LOCATION IS A PART, WITHIN THIRTY DAYS FROM THE DATE OF SENDING OF A NOTICE BY THE MINISTER TO THE LESSEE REQUIRING HIM TO DO SO, THE MINISTER MAY CANCEL THE LEASE OR CANCEL THE LEASE AS TO THE PART OF THE LOCATION WITHIN A QUARTER SECTION, OR THE BALANCE OF THE SPACING UNIT, AS THE CASE MAY BE."

AG.OSARA (Multiple Occurrences are possible)

Agreement Oil Sand Area, based on the Land Boundary it intersects.

Mapping:

Data Element	Maximum Length of Data Element (in characters)
AG	2
Agreement ID	13
Record Type	5
OIL SAND Area Text	255

Sample:

"AG", "0040484050437", "OSARA", "OIL SANDS AREA 1 - ATHABASCA - PETROLEUM IS DEEMED TO BE OIL SANDS BETWEEN THE TOP OF THE VIKING FORMATION AND THE BASE OF THE WOODBEND GROUP."

AG.AGLND (Multiple Occurrences are possible)

Agreement Land along with the attributes

Mapping:

Data Element	Maximum Length of Data Element (in characters)
AG	2
Agreement ID	13
Record Type	5
Tract Number	2
Land Key	20

Alberta Mineral Information (AMI) – Offset Notice Data File

AMI will create Complete and Partial Mineral Data Files. The Complete Data File will contain all the records in AMI, whereas the Partial Data File will contain the records that were created or updated in AMI, for a given time period (typically one day).

Offset Notice Data File contains the records for the following entities.

- Offset Notice (**ON**)

DC: Disclaimer

Description:

Standard disclaimer, required for any reports and extract for external clients.

Mapping:

RC, Text

Sample:

"DC", "NOTICE AND DISCLAIMER"

"DC", "Each and every person (herein called "Person") reading, using or relying on the Data or other information contained or provided in this data base, tape, medium, screen, hard copy printout or other presentment, is hereby notified, and acknowledges and agrees, that any and all Data and other information provided as shown herein is provided on the condition that: (a) Her Majesty the Queen in right of Alberta, her officers, employees, servants and agents shall have no liability or responsibility of any kind, for any loss or damage of any kind incurred or suffered by the Person or any of the Person's contacts, nor for any other reason, including but not limited to whether or not the loss or damage was occasioned by or as a result of any negligence, gross negligence or errors or omissions of any kind in the Data or information or in the assembly, preparation, delivery, presentation or other dealing with or handling of the Data or information; and (b) no representations, warranties or undertakings of any kind in respect of (i) any information or data contained in or omitted from the Data or information; or (ii) the condition, accuracy, form or content of such Data or information;

is made, nor shall hereafter be considered as having been made, by Her Majesty, her officers, employees, servants or agents."

ON: Offset Notice Records

Description:

Any record which starts with ON, will be related to the Offset Notices Records. The second tag will define more information regarding that record.

Record Type	Description
DC: Disclaimer	Standard disclaimer, required for all reports and extract for external clients.
ON.HDR	Offset Notice header information
ON.DREP	Designated Representative on the Offset Notice, which is same as Des-Rep on the Agreement, offset is issued against
ON.PAR	Offset Notice Participants
ON.TERM	Offset Notice term information
ON.RELAGR	Offset Notice Related Agreements
ON.WELLEVT	Well Event Linked to the Offset Notice.
ON.ONLND	Land for Offset Notice
ON.ONRGTS	Rights for Offset Notice
ON.WARN	Warnings on Offset Notice
ON.RMK	Remarks on Offset Notice
CR: Related Client Records	Related Mineral Clients, used on this extract.
DR: Related DRRZD/ZD Records	Related DRRZD/ZD's, used on this extract.
RC: Record Control	Record control will provide overall record count included in this extract, along with the extract creation date, start date and end date.

ON.DREP

Designated Representative on the Offset Notice, which is same as Des-Rep on the Agreement, offset is issued.

Mapping:

Data Element	Maximum Length of Data Element (in characters)
ON	2
Offset ID	13
Record Type	4
Client ID	7
Address ID	3

Sample:

"ON", "AAY2010329685", "DREP", "8053772", "001"

ON.PAR (Multiple Occurrences are possible)

Offset Notice Participants.

Mapping:

Data Element	Maximum Length of Data Element (in characters)
ON	2
Offset ID	13
Record Type	4
Client ID	7
Participation Percentage	11

Sample:

"ON", "AAY2010329685", "PAR", "0000751", 50.0000000

ON.TERM

Offset Notice term information

Mapping:

Data Element	Maximum Length of Data Element (in characters)
ON	2
Offset ID	13
Record Type	4
Term Year	2
Term Month	2
Term Days	2

Sample:

"ON", "AAY2010329685", "TERM", 0, 03, 00

ON.RELAGR (Multiple Occurrences are possible)

Offset Related Agreement Information

Mapping:

Data Element	Maximum Length of Data Element (in characters)

220", "UNRGTS", "00", "N", "43", "SUBSTNCE", "02", "ZONEQUAL", "1640", "ZONECODE", "000
04", "04", "ZONEQUAL", "1650", "ZONECODE", "00096", "in top 1000 feet"

UN.RMK (Multiple Occurrences are possible)

Remarks for the Unit Agreement

Mapping:

Data Element	Maximum Length of Data Element (in characters)
UN	2
Unit Agreement ID	13
Record Type	3
Remark Code	3
Code Table Name	8
Remark Text	4000

Sample:

"UN", "085 220", "RMK", "002", "RMKTYPES", "Remark Text"

CR: Related Client Records (Multiple Occurrences are possible)

Related Unit Agreement Operators, used on this extract.

Mapping:

Data Element	Maximum Length of Data Element (in characters)
CR	2
Client ID	7
Name	100
Corporate Status	10
Corporate Status Effective Date/Time	19
Address ID	3
Address Purpose Code	8
Address	255

Sample:

"CR", "1001181", "CONOCOPHILLIPS CANADA RESOURCES CORP.", "ACTIVE", "2010/01/05 00:00:00", "002", "LANDT", "401 9 AVE SW PO BOX 130 STN M, CALGARY, AB T2P 2C7"

RC: Record Control

Description:

Record control will provide overall record count; along with the break down information for each type of record that was updated, that is included in this extract, along with the extract creation date, start date, and end date.

Mapping:

Data Element	Maximum Length of Data Element (in characters)
RC	2
Creation Date/Time	19
Start Date/Time	19
End Date/Time	19
Total Record Count (excluding DC)	9
HDR Record Count	9
CR Record Count	9

Sample:

00:00:00", 100, 5, 2

Alberta Mineral Information (AMI) - DRRZD/ZD Data File

AMI will create Complete and Partial Mineral Data Files. The Complete Data File will contain all the records in AMI, whereas the Partial Data File will contain the records that were created or updated in AMI, for a given time period (typically one day).

DRRZD Data File contains the records for the following entities.

- DRRZD (**ZD**)

DC: Disclaimer

Description:

Standard disclaimer, required for any reports and extract for external clients.

Mapping:

RC, Text

Sample:

"DC", "NOTICE AND DISCLAIMER"

"DC", "Each and every person (herein called "Person") reading, using or relying on the Data or other information contained or provided in this data base, tape, medium, screen, hard copy printout or other presentment, is hereby notified, and acknowledges and agrees, that any and all Data and other information provided as shown herein is provided on the condition that: (a) Her Majesty the Queen in right of Alberta, her officers, employees, servants and agents shall have no liability or responsibility of any kind, for any loss or damage of any kind incurred or suffered by the Person or any of the Person's contacts, nor for any other reason, including but not limited to whether or not the loss or damage was occasioned by or as a result of any negligence, gross negligence or errors or omissions of any kind in the Data or information or in the assembly, preparation, delivery, presentation or other dealing with or handling of the Data or information; and (b) no representations, warranties or undertakings of any kind in respect of (i) any information or data contained in or omitted from the Data or information; or (ii) the condition, accuracy, form or content of such Data or information; is made, nor shall hereafter be considered as having been made, by Her Majesty, her officers, employees, servants or agents."

DZ: DRRZD/ZD's Records

Description:

Any record which starts with DZ, will be related to the DRRZD/ZD's Records. The second tag will define more information regarding that record.

Record Type	Description
DC: Disclaimer	Standard disclaimer, required for all reports and extract for external clients.
DZ.HDR	DRRZD/ZD header information
DZ.KWEL	DRRZD/ZD Key Well
DZ.ZDLND	Land for the DRRZD/ZD
DZ.RMK	DRRZD/ZD Remarks
RC: Record Control	Record control will provide overall record count included in this extract, along with the extract creation date, start date and end date.

Alberta Mineral Information (AMI) – Crown Mineral Ownership Data File

AMI will create Complete and Partial Mineral Data Files. The Complete Data File will contain all the records in AMI, whereas the Partial Data File will contain the records that were created or updated in AMI, for a given time period (typically one day).

Crown Mineral Ownership Data File contains the records for the following entities.

- Crown Mineral Ownership (**CM**)

DC: Disclaimer

Description:

Standard disclaimer, required for all reports and extract for external clients.

Mapping:

RC, Text

Sample:

"DC", "NOTICE AND DISCLAIMER"
"DC", "Each and every person (herein called "Person") reading, using or relying on the Data or other information contained or provided in this data base, tape, medium, screen, hard copy printout or other presentment, is hereby notified, and acknowledges and agrees, that any and all Data and other information provided as shown herein is provided on the condition that: (a) Her Majesty the Queen in right of Alberta, her officers, employees, servants and agents shall have no liability or responsibility of any kind, for any loss or damage of any kind incurred or suffered by the Person or any of the Person's contacts, nor for any other reason, including but not limited to whether or not the loss or damage was occasioned by or as a result of any negligence, gross negligence or errors or omissions of any kind in the Data or information or in the assembly, preparation, delivery, presentation or other dealing with or handling or the Data or information; and (b) no representations, warranties or undertakings of any kind in respect of (i) any information or data contained in or omitted from the Data or information; or (ii) the condition, accuracy, form or content of such Data or information; is made, nor shall hereafter be considered as having been made, by Her Majesty, her officers, employees, servants or agents."

Crown Mineral Ownership Records

Description:

Any record which starts with CM, will be related to the Crown Mineral Ownership Records. The second tag will define more information regarding that record

Record Type	Description
