

Curtailment Consolidation Request

This request allows for the consolidation of crude bitumen and/or crude oil production volume allocations between two operators, in accordance with section 7(1) of the Curtailment Rules, in order for curtailment requirements to be met.

Rules of Curtailment Consolidation

1. Consolidation can only occur between operators.
2. Only operators to whom curtailment orders apply can enter into a curtailment consolidation.
3. Senior officers of both operators involved in a Curtailment Consolidation Request must sign the completed form on behalf of their respective company. The individual must hold a title of President, Vice President, Chief Financial Officer, Chief Operating Officer or similar level of signing authority within the company.
4. Operators that wish to enter into a curtailment consolidation are required to send the completed request form to Energy.Supply@gov.ab.ca.
5. The deadline for submission of a Curtailment Consolidation Request is the 15th day of the production month in which production curtailment is required.
6. Both the Primary Consolidation Operator and the Secondary Consolidation Operator will be required to ensure the combined curtailment volume allocation is not exceeded.
