

Curtailment Transfer Request

This request allows for the transfer of crude bitumen and/or crude oil production volume allocations from a transferring operator to another receiving operator, in accordance with section 7(4) of the Curtailment Rules, in order for curtailment requirements to be met.

Rules of Curtailment Transfer

1. Transfers can only occur between operators.
2. Only operators to whom curtailment orders apply can enter into a curtailment transfer.
3. A senior officer of both the transferring operator and the receiving Operator on a Curtailment Transfer Request must sign the completed form on behalf of their respective company. The individual must hold a title of President, Vice President, Chief Financial Officer, Chief Operating Officer or similar level of signing authority within the company.
4. Operators that wish to enter into a curtailment transfer are required to send the completed request form to Energy.Supply@gov.ab.ca.
5. The deadline for submission of a Curtailment Transfer Request relating to the January 2019 production month is March 15, 2019. The deadline for submission of a Curtailment Transfer Request relating to any month after the January 2019 production month is the last day of the month following the production month in which production curtailment is required.
6. The production volumes to be transferred are in barrels per day and will be multiplied by the number of days in the production month to determine the number of barrels in the month that are being transferred.

<u>Operator Transferring Production Volumes</u>
